Hospital Reports Banner Year As First Gain Shown

Financial Report Reflects Credit On Manager, Board, Staff

For the first time in its five years of operation, the Tahoe Forest Hospital last year showed a profit.

This was revealed in the annual financial report recently completed by Harry M. Straine and Sons of Sacramento, which clearly reflects the capably and efficient administration and management, under the direction of John J. McGlade, administrator during the past two years, together with the judgment of the board of directors and the capable work of the medical staff.

During the previous four years, the hospital has shown average loss of $11,000 annually, the first year of the McGlade administration cutting this down to approximately $3000.

The profit during the 1955-56 fiscal year was $21,727.60, bringing the accumulated loss for the full five years down to only $11,409.18, which, if the present trend continues, will be completely wiped out by the end of the current year. At the end of the 1954-55 fiscal year, the accumulative deficit was $33,136.78.

Patients Increase

The gross hospital operating income during last year was $151,544.92, compared to $126,926.12 for the previous year, the report shows.

Most of the gain came from an increase in the number of in-patients.

With the national average for small hospitals, those with 50 beds or more, 52 percent of capacity, last year the Tahoe Forest Hospital had 50 percent and the first few months of this year shows 65 percent of capacity.

Financial Breakdown

The report shows the income breakdown for last year as follows: income from hospital operations, $151,544.92; contributions, $2,322.66; miscellaneous, $702.45; income from taxes, $32,946.97.

Costs showed administration and general expenses totaling $31,802.87, while dietary expense was $14,665.76 and household and property, $15,509.72.

Total assets of the hospital on June 30, last, were valued at $431,304, compared with $417,191.42 for the previous year, a gain of $14,012.59, the report shows.

The report is by far the most favorable since the district was formed, and shows conclusively the rising popularity of the institution.

Red Cross School Now Under Way At Tahoe

12 Year Count Of Traffic Shows 700 Per Cent Increase

One of the best indications of the increased traffic over U. S. Highway 40 and State Route 89 between Truckee and Tahoe City is shown in division of highway figures released this week by Frank W. Fox, local superintendent.

The increase over a 12-year period from 1943 to 1955, shows a 700 percent gain, according to the count made by the highway division.

The count was taken at the Truckee-Tahoe Wye nearest the middle of July for a 16-hour period from 6 a.m. to 10 p.m. and showed the following result:

1943, 1324; 1944, 1361; 1945, 2507; 1946, 3402; 1947, 4989; 1948, 5032; 1949, 5829; 1950, 6403; 1951, 7973; 1952, 7003; 1953, 8620; 1954, 8293; 1955, 8555.

During the same count 684, vehicles went south to Lake Tahoe in 1943 and during the same count in 1955, 3880 vehicles took the same route.

It will be noted that with the exception of 1952, the travel showed a constant gain year after year.

Wolverines Play Here Saturday To Wind Up Season

Tahoe - Truckee's Wolverines staged a dramatic come-back last Saturday on the Carson City High School field as they trailed the South Tahoe Vikings for all but four minutes of the non-conference game, then proceeded to strike for two quick touchdowns in the final minutes to bring home a sweet 32 to 20 victory. Because of snow conditions, the tilt was moved to Carson at mid-week,and resulted in Coach Stan Drakulich's Red and White squad turning in their second consecutive win of the season.

Action began in the first period as the Wolverines moved to the South Tahoe 10, only to lose the ball on a fumble. The Vikings, forced to kick out after three plays, recovered a Tahoe-Truckee fumble on the punt, and two plays later had six points as Norm Taylor passed to his end, Vic Nagy, from 20 yards out. Taylor drop-kicked to make it 7-0.

The Wolverines struck back in the second period with a 40-yard pass from Craig Robinson, the promising sophmore quarterback, to fullback Floyd Cooper. The attempted placement was wide and the locals trailed, 7-.

Seconds later the Wolverines added another 6 points as Floyd Cooper passed to Doug Cooke, who made a terrific weaving run for 30 yards into pay dirt. But the 12 to 6 lead was cut short two plays later as the passing combination of Taylor to Nagy clicked for another TD, and the Vikings left the field at intermission with a 14-2 bulge.

South Tahoe opened the third period with their third and final score as Taylor carried over from one yard out, capping a 45-yard drive. The kick by Taylor was good, and it looked like the Wolverines were in for their sixth loss. But Dean Holbrook, outstanding Wolverines halfback, picked off a Taylor aerial at midfield and behind good blocking, raced into the end zone with only four minutes left in the game. Robinson passed to Dave Rickert for the PAT and Tahoe-Truckee trailed by one point, 20 to 19. The Wolverines then recovered the kickoff and on the first play Holbrook carried for 20 yards and Dean Herzog followed suit for the six points that put Tahoe-Truckee into the lead for the second time in the game. Robinson passed to Ken Osburn for the conversion and a 26 to 20 count.

The clincher came for the Wolverines with a minute left showing on the clock as Kit Schull, who played his usual fine defensive game, hit Taylor hard at the 50 and the Viking fullback fumbled, with a Tahoe-Truckee man recovering. Dean Holbrook once again carried the load, and on the second play went 20 yards for the final score. The conversion attempt failed, but it make no difference as the gun sounded seconds later the Tahoe-Truckee had won a thrilling 32 to 20 decision over their cross-lake rivals.

This Saturday, November 10, the Wolverines host the Loyalton Grizzlies in the final game of the season. It shapes up as a fine ball game, as the Grizzlies defeated South Tahoe in an early meeting, 12 to 0. Game time is 2 p.m. and a large hometown crowd is expected.

Christmas Trees For Local Families

Residents of the Truckee-Tahoe areas will again be able to cut a family Christmas tree on Tahoe National Forest lands in the Sagehen Creek area. The cutting area is located one-fourth mile west of highway 89, 10 miles north of Truckee.

Each family unit will be permitted to cut one tree free of charge on the area. Forest service personnel will be on the area to issue permits and tags. Cutting rules will also be issued to insure that all trees are cut according to good forestry practices. Call the Truckee Ranger Station for further information.

All persons are again cautioned against cutting any tree on private or government lands unless they have a legal permit from the owner. A number of persons have already been cited this month for illegal cutting and possession of Christmas trees.

Tenth Death From Accidents In 10 Days Is Reported

The tenth death resulting from vehicle crashes in this vicinity during a two weeks period was reported Sunday when Miss Marie Dolores Maryorga, 19, San Francisco, expired in a Reno hospital from injuries in a truck-car collision on Donner Summit Friday evening.

The car in which Miss Maryorga was a passenger was driven by Jose Alfaro, 25, San Francisco and was traveling west a quarter of a mile west of the summit when it ran into the rear of a parked division of highways sanding truck operated by James Hussey, 37, Nevada City.

State Patrolmen William Gautsche and Martin Sturcke, who investigated, said Alfaro apparently was blinded by the setting sun and did not see the heavy truck until too late to avoid striking it. David (Mike) Vieu, 18, Truckee, working under the truck at the time, suffered minor injuries.

Others in the Alfaro car taken to the Tahoe Forest Hospital for treatment were the driver and Bertha, 21, and James Solomayor, 22, both of San Francisco.

The hood of the car crashed through the windshield ripping away the side of Miss Maryorga's face. She was rushed to Reno for specialized surgery but died Sunday afternoon.

EMERALD BAY ROAD OPEN FOR PERIOD

EMERALD BAY—State Route 89 on the west shore of Lake Tahoe was reopened Monday for the first time since November 13, 1955.

The clearance work, done by H. Earl Parker, Marysville contractor, cost $200,000.

The route slid shut during last winter's storms, and 200,000 cubic yards of earth had to be cleared from the blocked thoroughfare. The dangerous work claimed the life of one workman last spring.

The roadbed appears to be intact, highway officials said, although surfacing was destroyed. Two-way traffic is again possible past the slide area. However, the road is usually closed by snow in November or early December, and it is doubtful that it will remain open very long.

Local friends were shocked to learn of the tragic death in Gridley, Ill., on October 25 of Melvin Hayes, 50, a former resident of Truckee for 15 years where he was employed at the quarantine station before leaving for Illinois to take up farming.

Hayes, father of three children, was killed when his farm tractor and a transport truck collided on the highway a mile west of Gridley and near his farm. The victim was thrown from the vehicle onto the pavement and suffered a fractured skull and broken neck.

The truck apparently ran into the rear of the Hayes vehicle. The truck driver posted bail to assure his appearance at the inquest.

Funeral services were held October 27 at St. Mary's Catholic Church in Gridley, Ill.

Hayes was born at Gridley July 12, 1906. He married Clara B. Hanson on April 20, 1931. Surviving beside his wife are his parents, two daughters, Ann of Chicago and Mary of Peoria and a son, Michael of Peoria. A brother and a sister live in Chicago.

SUPERVISORS WAIVE HIGHWAY HEARING

Nevada county supervisors late Thursday adopted two resolutions waiving the right to state highway commission hearings concerning proposed routing changes along Highway 40 in the high Sierra.

The resolutions indicate the county officials believe the proposed changes are feasible and persons along the route have no particular objections.

The action followed a hearing at Nyack Lodge 10 days ago concerninng a 13-mile stretch of highway between Blue Canyon and Hampshire Rocks and another hearing in Truckee on an expanse of highway between Soda Springs and Donner Lake.

The latter highway change would bypass the steep and twisting grade between Soda Springs and the floor of the Donner basin.

NEWS NOTES FROM TAHOE

By Naomi McLane
P. O. Box 195, Tahoma

Many Changes

Since "change is the only constant," I suppose we should never give a sad little sniff for the changes that go on about us. But of course we do not. However the changes going on apace on the highway in the center of town give no time to shed a small tear.

The new Chevron station is practically up, the cluster of buildings behind the Lake Chalets cottages is gone, and now Fire Chief Al Henry will be moving their home from its lot beside the Tahoe City Garage to a site up on Fairview Drive between the Jim Bakers and the George Boyles.

Hatchery Goes

Another change is not so noticeable but is nontheless very real. After many years the Tahoe Fish Hatchery is closing. The California Division of Fish and Game is closing several of its hatcheries over the state to operate more centrally out of Sacramento. Perhaps, before we know it, we will do our fishing in Sacramento, too-

Don Evins, long-time chief at the hatchery, is not able to attend to the closing operations there because his illness turned out to require serious surgery. Reports indicate that he is responding well enough and, while convalescing, will be living with his son, Don, in Sacramento. Some of you would like to know his address there: Donald P. Evins, 2741 Hurley Way, Sacramento. We shall miss Don very much.

Women's Club

Several changes which will affect their winter's program were voted upon by the Women's Club of Tahoe at a dessert-luncheon meeting at the home of Mrs. Pearl Snyder. An amendment to the by-laws was carried which calls for one meeting each month instead of the heretofore two. The resignations of Mrs. Audrey Brehler, president, and Mrs. Carol Marvin, corresponding secretary, were accepted and new officers were elected to take their places. The complete roster of officers is as follows: President, Mrs. Martha Snyder; vice president, Mrs. Beccy Shontz; coresponding secretary, Mrs. Doris Clark; recording secretary, Mrs. Pat Fox, treasurer, Mrs. Bernice Gianninni. Plans were made for the annual Christmas tea, an open house for all women in the community who are interested in the Women's Club and its work. The tea will be December 6 from 1 to 4 at the home of Mrs. Ann Martin.

Hunting

My news is late but the good luck of three deer hunting parties should not be overlooked. Link and Peg E Dempsey and Peg E's brother, Ned Stuart, each got a deer near Doyle last Sunday. The two men got theirs in the morning and Peg E says she doesn't deserve her's for she had left her perch to get warm at the car just before several deer came by. However she had a second chance in the afternoon and made good.

Tony Donadio of Sky Lodge and Skip Kenyon and Roger Wiginton returned Monday from a ten-day trip near Gunnison, Utah. They got seven deer—all that the law allowed.

Geri Bean and two friends got two bucks over in the Loyalton country on the last day. All in all a great season.

Exchange Success

The PTA clothing exchange was a great success. The next meeting will be a night meeting at the school at 7:30 p.m. John Corbin, superintendent of schools, will speak and Bruce Wright will give some pointers on safety. The PTA also voted to find out about a fence for the street side of the school playground.

Vacation Time

For those who had a great big summer of hard work it is really vacation time. This vacation especially was that of our constable, Dick Lavery and his busy wife, Ruth, who went on a wonderful trip with Tom and Theresa Sutton. Sun Valley, Idaho, was the first stop, then on to Yellowstone Park and other wonderful places, but the best of it was at Twin Falls they met up with Joe King and wife. The meeting was a surprise for all, then at the end of the trip young Kenny Lavery flew to meet the party and drove back with them. Oh yes, pheasants were really plentiful, all getting their limits. Does that make one's mouth water? Anyway after running through lots of snow the party were glad to be home safe and sound.

Football

Good news comes to us tonight that the Wolverines of Truckee High won their game against South Tahoe. The game was played at Carson City as the south end was not in shape. The score, 33 to 23. Congratulations to the boys and good luck for this weekend.

Monte Carlo

Joby and Helen Lewis were up during the past weekend and according to Andy, caretaker, watchman, and the all-round good man that had been with Joby so long, is going to be with the new owners, whom I am told, will be up around December 5 to get ready to open for the ski season. Joby will be up again around the first of December.

Trip to Los Angeles

Don and Mrs. Bailey, a couple of popular young residents, had left on a trip to Los Angeles on business and should be back by the time this is delivered to you. Don is a maintenance man in and around the area.

Visiting

Jim and Helen Simmons were visitors during the weekend. They were bride and groom just a few weeks ago. Jim was with the Loynd's Drugstore at Kings Beach, and like everyone else that are here for a few years they would like to be back. Helen is a teacher of languages and by all accounts Jim would like to teach school too. Swell young couple. Hope they come back.

Lucious

This is Sunday 12 noon. It is certainly beautiful and the temperature at our home now is 50 degrees, the sun shining brilliantly. It is great no fooling. Someone asked me before they left for the South was all I said about the weather correct. I can say absolutely it's the truth and nothing but the truth, so believe, won't you?

Safety

A good citizen asked me the other day if anything could be done to halt the youths of our community from making a race track of Kings Beach. I naturally told him there was but instead of halting it by the traffic laws of our state, we would appeal to the parents to drill into their offsprings the terrific dangers of not keeping within the laws, which incidently is as much or more for their own benefit as the people whom they might injure or kill. These youths start off from a stopping place with the zoom of a rocket. They think its smart, huh? Not one bit of it, it just shows that they have no respect for any person, young or old, who might be going about their daily routine, hoping to get home safely. So you older ones or parents do the right thing yourselves and have your youngsters do the same. Lets make the area safe for for everyone. Thank you. I am not preaching but I hate to have these young people in court.

Cut-In-Again

Another visitor to our home was Irving Cooperman, his wife and daughter. Irv was at Cal-Neva Lodge, during the summer but returnedto Toledo, Ohio, for a few weeks. Now he returns, and his first words were, "I guess old Tahoe's got me," and wants to make his home here.

On the Job

Glad to see Wiley Jones of Crystal Bay is right back on his feet again. He was not so well for a while and we missed him at the club.

On Trip

Deputy Sheriff A. T. McCarter of the Nevada sheriff's department, and his sweet little wife are off on a well earned vacation. Just where they will go is not known but anyway to the deep South and that's a long way from home.

Away for a While

John Flagg, bartender at Crystal Bay Club, tells us he is leaving for Phoenix, Ariz., where he will be located at the Wigwam. Johnny hopes to come back to the lake in the early spring.

Women's Club

The North Tahoe Women's Club met at Crystal Bay Club last Monday, where election officers was

Now flowers speed cross-country by telephone. Many floral shops now offer a new service—*Flowers by Telephone.* When flowers are to be sent out of town, the florist calls the distant city and places the order before the customer leaves the shop. If the flowers asked for are out of stock, the customer is free to change his order, knowing his flowers will arrive on time. Florists who offer this new service display an emblem reading: "We speed flowers by telephone." It's another way telephone people—working with florists—make telephone service do a better job for you. **The men and women of Pacific Telephone work to make your telephone more useful every day.**

STRICTLY STRICKLAND

By Bill Strickland

Snow makes a lot of things possible on our Mountain Top, but it can also be a cause of disappointment. Because of too much of the stuff, the Halloween party at Donner Trail School had to be postponed. An effort will be made to hold it at a later date. It was a large disappointment for all of the youngsters, but it will be made up to them someway.

* * *

Milt Hogle has completed the change over on the J-Bar at Soda Springs. In fact, there were quite a few skiers climbing around on the hill over the weekend. The ski school this year will be the Soda Springs Ski School again. We understand Edvi Aro, Jim Winthers, Jerry Michasich and John Johansen will be part of the teaching staff.

* * *

Donner Summit Lodge had quite a Halloween party—arrangements were made for the kids for the first couple of hours and they really had a ball. Then the parents trotted the youngsters off to bed, complete with a babysitter, and returned for the adult activities.

* * *

Doctor Thomas Reich has leased George Rudolph's house again for this winter. He has two sons and two daughters who are, we believe, going to make quite a name for themselves on the junior racing circuit. Mary Helen in Junior II—Tommy in Junior III, Ronnie in Junior IV and Betty in Junior V. They skied for our legion team last year and each came up with a first place in their respective classes in the only two meets they entered. Eight "firsts" out of eight possibles for one family is quite a record.

Stopped in Frank McPeak's public relations office at the Sacramento Bee. He handed me the schedule for the Sacramento Ski Patrol and Sacramento Bee Dry Ski School. Over 900 attended this very fine pre-season school last year. This year, I understand, they have had so many requests they've had to put a stop to registrations for it. On Wednesday, November 7, the guest instructor was Bob Lagraue from Tunnel Mountain. November 14, guest instructor will be Bud Zorich from the Donner Ski Ranch. November 21, Gordy Wren from Reno's Slide Mountain. November 28, Stein Ericksen from Heavenly Valley. Jim Winthers of Soda Springs Ski School is the head instructor for the entire program. He has been primarily responsible for starting this fine lead, and certainly responsible for its continuation and growth. Good job, Jimmy boy!

LIVE BETTER ELECTRICALLY
ELECTRIC COOKING HAS MANY ADVANTAGES
ECONOMY—At today's reduced electric rates, District residents enjoy the benefits of electric cooking for less than 10c per day.
CONTACT COOKING—Utensils make direct contact with glowing elements. Heat goes into the food, not into the kitchen.
LESS SHRINKAGE—There's no open draft flame to shrivel juicy meats, no draft through the oven to carry juice-laden moisture up the flue.
CLEANER—Kitchen walls, windows, curtains stay clean longer, free from combustion film and sooty flame deposits. Pots and pans stay bright and shiny.
NO FLUE—The "sealed" oven of your Electric Range needs no unsightly flue or stove pipe.
AUTOMATIC—Perfect temperature control gives the exact heat you want and the SAME heat EVERY time. Automatic heat and time controls eliminate watching and waiting.

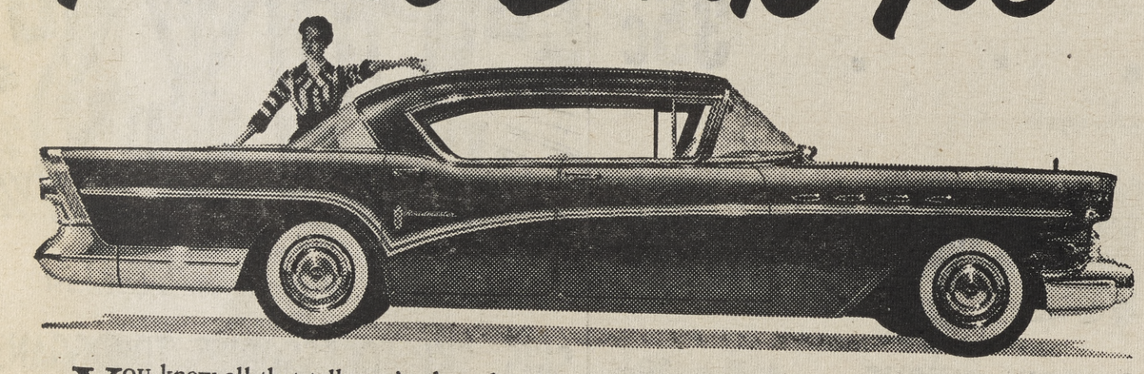
We Got it!
We Got it!
Newest Buick Yet


You know all that talk you've been hearing about the 1957 new car models being *really* new?
Well, in the case of the 1957 Buicks it's true—*gospel true.*
We mean these 1957 Buicks are new in the precise and literal sense.
We mean new from the ground up, and from gleaming grille to sassy taillights.
We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.
We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.
We mean V8 engines new from the crankshaft up—engines that deliver an all-time high in horsepower and compression from their 364-cubic-inch displacement.
And we mean, most of all, *an advanced new Variable Pitch Dynaflow*—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.*
So come take in these low-silhouette, these boldly beautiful, these *instantly obedient* Buicks for 1957.
Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.
**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Truckee may well be proud of the contingent of young ladies from the ranks of Truckee-Tahoe High school students who were invited to the Berkeley Choral Festival on Saturday night, held in the University of California Amphitheatre. A total of 55 schools were represented and the judges awarded the local feminine harmonizers words of high praise and approval. The group included Nelda Stone, Irene Englehart, and Rosalee Christensen, all of Truckee, Jacquie Abbott and Judy Hasten of Kings Beach, Carla Nixon of Deer Park Lodge, Joyce Slate of Donner Lake, Jeanne Wray of Tahoma and Carolyn Henry of Tahoe City. Their choral offerings included "When Love Is Kind," "My Hero" from the Chocolate Soldier and the hymn "Let All Mortal Flesh Keep Silent." Miss Stone and Miss Nixon served as accompanists. The mnay friends of Mr. and Mrs. Charles White of Truckee will be happy to know that Mrs. White has suffered no serious injury from her recent fall. X-rays taken at Tahoe Forest Hospital on Saturday last disclosed that while she sustained severely strained ligaments and muscles, no bones were broken. Mrs. White turned her ankle in San Francisco on the street while she and her friend, Mrs. W. F. Willkie, with whom she was visiting, were shopping. Mr. and Mrs. Arthur Lawson, the White's Truckee neighbors, proved friends in need by driving the patient home in their car on Saturday of last week. Doctor's orders will permit her limited activity with the aid of a trusty cane, but she must take life easy and rest for some time to come. We add our wishes to those of her townsfolk for a speedy recovery.

TnT TIDINGS

By JUDE' COMMAGERE

Congratulations—18 Wolverettes

The Wolverettes who will play for Tahoe-Truckee High School this year were revealed Friday, November 2. Forwards: Carol Sweet, Karen Decker, Janet Allen, Sonja Schmidt, Sheila Fanger, Louisa Sciutto, Anita Antillon, Shirley Taylor, Rosalee Christensen, and Jude' Commagere. Guards: Linda Loynd, Janice Mandeville, Judy O'Neill, Nikki Ann Wing, Sharon Bechdolt, Nelda Stone, Judy Vaughan and Dorthea Frey.

The girls' individual skills, height, speed, and spirit are the factors that make this year's team.

The Wolverettes would like to express their appreciation to the district for the smart-new uniforms, and will wear them with the hope they can reimburse the district with an "undefeated season." Good luck, Wolverettes.

80 Parents Attend TnT

The annual Parent-Teachers conference was held Thursday, November 1. Eighty parents attended TnT to meet teachers, become acquainted with the surroundings and subjects. The student guides were: Burger Nelson, Bob Track, and Dick Decker. Nikki Ann Wing was registrar. Refreshments were sponsored by the Homemaking Class, under the direction of Mrs. Smith. Refreshment hostesses were Barbara Nelson, Anita Diaz, and Sonja Schmidt. The record-breaking attendance made the Parent-Teachers conference a worthy night after school. If you missed the bus, you will have a second chance to become a student, November 13.

Report Cards

Report cards will soon be coming home for parent signature, representing the end of the first nine weeks period, and how your boy or girl has utilized the 315 hours spent in school. It is not just a matter of signing your name on the back, but turning the card over and talking with your child about the low and high grades. The importance of studying cannot be stressed to highly, as you know, as teachers know, knowledge is the weapon against ignorance.

Last Wednesday, October 31, Mr. Lane's brother, Leland Lane, died from a heart attack. He was in a car accident near Sacramento and died in the ambulance when he had the heart attack. We have another bus driver until Mr. Lane returns.

Last Friday, November 2, we saw another car accident. This one was right near the Summit. A car had hit the back end of a maintenance truck loaded with sand.

It snowed so hard that we had to postpone our Halloween party

CARD OF THANKS

We take this method of expressing to members of the California Highway Patrol, the staff at the Tahoe Forest Hospital, Dr. King and others for their kindness and efforts in our behalf when our daughter, Roselee was injured recently.

NORTH TAHOE

(Continued from Page 3)

the main business. Kay Felte was elected president. Ruth Mizner, Vice President Ruth conducted the meeting. Mary-Lou Waddell, secretary; Camy Althof, treasurer. This was the biggest meeting ever.

New Owners

Had the pleasure of meeting Harry McIntire who recently bought the Pine Cove cottages in Tahoe Vista. Harry will not be here for a little while but his wife will remain here right along. Call in and visit them, they are a swell couple.

Teen Agers

A Teen Agers club, known as the Kool Kotz is being organized, or rather has been organized, with David Rickert president, Patty Gunkel vice president; Patty bott, secretary; Craig Robinson, treasurer; Jack Van Hooser, activities chairman and Barbara Gunkel, publicity chairman. The next meeting is on November 9 at the Carpenters Hall. Watch for more news of this worthwhile project.

Visiting

Ed Ogle and Thelma, his wife, parents of Wayne Ogle of Crystal Bay, were visitors at the lake over the weekend. They were accompanied by Chester R. Smith, manager of the Transit Co. of Santa Cruz.

More Vacations

Just had a card from the Mason Dixons who are vacationing at Neenah, Wis. Fish galore, says John, and that is a wonderful vacation land. They will back to Santa Barbara pretty soon now.

This Will Be Good

The Methodist Church (Wee Kirk O The Pines), Kings Beach at 6:30 p.m. on Friday evening of this week will have a get-together dinner, one of those favorite dish dinners. Everyone bring their favorite dish, also recipe of same, and there will be a parcel post sale, not more than fifty cents to a customer. And now comes the best. It is only 50 cents for grown-ups and two bits to youngsters. Mrs. Howell invites everyone to attend. We'll be seeing you at the church.

Business and Pleasure

The Harvey Klitzkes took a trip south during the week on business, but the weather was so gorgeous that they decided to make it a leasure trip also. There's no doubt it is beautiful, snow practically gone, none on the golf course, grass nice and green.

Fire

At 9 p.m. quite a little excitement was caused by a fire in the store house by the Gun Club road, Tahoe Vista. A number of articles, such as tires and equipment were destroyed. The fire truck from Kings Beach answered with Curly Mason, fire chief, in charge. Difficulty was caused by not calling the fire department. Do not call a private number. It only confuses and causes alarm to residents.

Announces
$1 BILLION OF LIFE INSURANCE NOW IN FORCE
STATE FARM INSURANCE

F. W. Wilson, local agent for the State Farm Insurance Companies of Bloomington, Illinois, announced today that State Farm Life Insurance Company's Ordinary life insurance in force passed the one billion dollar mark in September. "No other life insurance company," he added, "has ever grown so large during its first 27 years through the individual placing of policies by its own agents.

"We feel this billion dollar achievement is a strong endorsement of our State Farm auto-life-fire 'personal insurance plan. And by the people who count most—our policyholders."

Mr. Wilson invites interested readers to contact him with any or all of their automobile, life and residence insurance problems. Telephone Truckee 101.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN, WALTER KEYS AND JOE RICE SEEMED TRAPPED BY THE NATIVE TERRORISTS, BUT THEY QUICKLY JUMPED OFF A CLIFF, CARRYING ONE OF THE ENEMY WITH THEM!

THE BREATHTAKING LEAP OF THE FLEEING WHITE MEN PLUNGED THEM DEEP INTO A SWIFT AND RAGING RIVER!

EVERYONE FARED WELL EXCEPT THE NATIVE. TARZAN PAUSED BRIEFLY, THEN DECIDED TO GO TO HIS AID.

HE REACHED SHORE SAFELY, BUT HIS RESCUE ATTEMPT WAS OBVIOUSLY IN VAIN.
